

This frightened, homeless Mama dog and her puppy were rescued recently in Avoyelles parish, where there are no animal care services or shelters. Sadly, the poor puppy succumbed shortly afterwards to parvo. His Rottweiler Mama is doing fine and is slowly coming out of her shell. We're certain she'll eventually find the loving home she deserves.

HSLA social media supporters pitched in to help **Sol**, (right) an injured community cat. Her caregiver simply couldn't afford additional vet bills, on top of the already-high costs of her many rescued pets.

HSLA founder and Executive Director, **Jeff Dorson**, works tirelessly to help animals and people in need. While always thanking others for their work, he isn't one to put the focus on himself and his own, truly heroic efforts for animals over his lifetime. Jeff's decision to forge an extremely difficult path in life has benefited so many and will continue to impact lives for years to come. For these and for so many other reasons, we were delighted to see Jeff honored as a *People's Health Champion*, during a recent Saints game halftime event at the Superdome. For his decades of often thankless hard work, we couldn't think of a more deserving recipient. Our sincere congratulations and our gratitude goes out to you, Jeff. We wish you a very 'Happy Birthday' on January 29th, too!

We were happy to get a surprise 'thank you' card from **Butters**, a recent beneficiary of needed vet care. You're very welcome, Butters!

We were glad to help find a long-term foster placement for bunny survivor, **Bugs** (above), after his family recently lost their home in a fire.

Thanks to supporters like you, **Lexi** (below) will get the surgery she needs to correct her prolapsed eyelid.

When **Daisy** (left) went missing after a recent house fire in Franklinton this month, we were happy to pitch and publicize a reward for her recovery. We're happy to report that Daisy was reunited with her overjoyed and loving family. We could all use more good news like this!
